**SERVICE**

**Sales**

Service is one of the most important ways to verify consistent quality of the facility's performance and operation. A tailored service program by STERIS provides effective, trouble-free operations.

**Technical**

STERIS is pleased to provide a completely staffed and equipped Technical Service Laboratory capable of performing needed tests and providing telephone support, telephone and video conferencing, and on-site assistance when needed. More details on how this service can benefit a facility's particular situation can be provided upon request.

## PRECAUTIONS

---

Information concerning human and environmental exposure on the product may be reviewed on the Material Safety Data Sheet and the label.
